

## **Indonesia Offers 6 Infrastructure Projects Worth up to Rp80.8 T**

BKPM Chairman Bahlil Lahadalia in his remarks through video conference on the market sounding of Public-Private Partnership (PPP) Project: 6 toll roads and bridges (30/4) said that almost all countries always make infrastructure development indicators in the main place in promoting economic growth.

The six PPP projects offered are Semanan-Balaraja toll road, Cipulir-Ulujami flyover, Sentul Selatan-Karawang Barat toll road, Patimban toll access, Semarang Harbour toll road, and Batam-Bintan bridge, with a total value of up to Rp80.8 T.

Chairman Bahlil reminded, that incoming foreign investment must partnering with local entrepreneur and SMEs that qualify to create equitable growth and opportunity for regional businesses. He added, BKPM is always proactive in dealing with licensing, including fiscal incentives.

BKPM strongly supports this market sounding that successfully organized by Ministry of Public Works and Housing despite the pandemic. We want to bring this message of optimism to the business people.
