Tanjung Lesung Facts

- Tanjung Lesung is one of West Java’s leading tourist area with impressive variety of natural attractions and cultural wealth, such as Ujung Kulon, Krakatau, Liwungan and Baduy Villages.

- Tanjung Lesung is the first tourism project that was designated as the Tourism Special Economic Zone in Indonesia. On October 6th, 2011, PT. Jababeka Tbk acquired PT. Banten West Java Tourism Development and PT. Tanjung Lesung Leisure Industry. Both were companies that own “Tanjung Lesung Resort”, the integrated central tourist area on 1,500 hectares of land.
Regional infrastructure need to be improved:

- Serang–Panimbang Highway Development
- Development of Panimbang Airport and New Airport in Pandeglang Regency
- Railway reactivation and development
- Clean water installation
- Electricity Network installation
- International Standard Hospital Development
- Establish Tourism Academy or Tourism College

Existing Infrastructure in Tanjung Lesung SEZ:
Management Office, construction of the airstrip which was completed at the end of 2016.
